

K-LOVE has been such a blessing to me and everyone else who hears it. I listen to it every day and it helps me to remember what's important. God works through K-LOVE to give me and many others the strength to get through each day. If K-LOVE were replaced, the community would be deprived of a wonderful source of a constant reminder of God's love. K-LOVE has helped thousands of people, including me, have an incredibly strong, loving, and ever-growing relationship with Christ.
